ENVIRONMENTAL STATEMENT

It is the policy of D-Drill (Master Drillers) Ltd to do business in a way as to lessen or eliminate any adverse effect on the environment

In order to achieve this, the company will:-

- Use all good environmental practises in its day to day operations
- Use material from sustainable sources.
- Use registered waste disposal companies for removal of all waste streams.
- Ensure all company vehicles meet all emission standards and where possible use unleaded fuel.
- Always maintain high standards of cleanliness in respect of litter and waste packaging
- Ensure any cleaning agents used are of a biodegradable nature.
- Ensure any chemicals that are used do not present an environmental hazard
- Limit to a minimum and strive to eliminate all emissions to the atmosphere e.g. dusts and carbon dioxide
- Limit to a minimum the use of electricity and gas supplies and to eliminate any wastage. The general aim is a 20% reduction in energy consumption in the next two years.
- Stop the use of any chemicals that have a detrimental effect on the ozone layer.
- Consider all environmental impacts of new equipment or new work undertaken.
- Lessen the impact of any nuisance noise and to work within set hours in residential areas.
- Respect all clients policies aimed at a better environment.
